Hire our entire cinema for you and your friends and have a night out with a difference.

We'll search for any film you like, whether you want action fuelled fun, musical mayhem or maybe you want the exclusive world premier of your wedding video in Dolby Surround Sound. Perhaps you'd like to organise your very own Star Trek convention or how about singing along to The Sound of Music as loud as your lungs will permit. Anything goes...

Come dressed to impress - whether it's your Sunday best or fancy dress. Most importantly make the most of this unique experience. You're in the director's chair so let us know what you want to do. A pre-screening drinks reception? An interval to catch up with your guests? Or how about a spot to eat after your film? No problem!

It's great value for all you film buffs and unlike ordinary cinemas, our licensed bar means you don't have to stick to soft drinks. So watch your film with a cool glass of wine or a refreshing beer to get your party started.

Plus you'll have our friendly helpful staff to make sure you have everything you need. For example, if any of your party have special requirements let us know. Our cinema is accessible to everyone, with many spaces designated for wheelchair users. Also with all the films we screen we are able to provide subtitles in any language. Great if you want to watch a foreign film or if you have difficulties hearing. Let us know if anyone in your group is visually impaired because we have an audio descriptive system, ensuring they don't miss out on any of the action either.

Here's how our brilliant value for money deal breaks down. Simply pay a one off hire charge, tell us what film you would like and we'll do the rest. There's plenty of room to invite all your friends and family, but don't go too wild, our cinema is quite an intimate venue and holds 120 people.

Cinema hire

The cinema hire costs **only £350** and includes a projectionist, usher, a film of your choice and exclusive use of the cinema for up to four hours.

How about making up your own snack package?
